Nebraska/Kansas/Colorado Edition

September 2024

Enhanced Coverage Option (ECO) Program Updates:

- ECO coverage is going to be more affordable because of the higher subsidy in 2025!
- Now is the time to sign up for ECO on your wheat. The deadline to add to your 2025 policy is September 30th.
- You may elect ECO regardless of your FSA farm program election.

No Interest Deferral Period for 2024 Crops

For the 2024 crop year RMA has announced that they will not be granting interest deferrals on premium payments.

This means that if you have an 8/15/24 billing date, and your payment is not made by 9/30/24, a late fee will be applied to the bill.

Just a reminder, for your grazing and/or haying the deadline to sign up and to report your acres is **December 1st**. Going into the 2025 crop year there are NO changes to the Pasture Rangeland Forage (PRF) policy. All county base values, and coverage availability will remain the same as previous years.

If you or someone you know is wanting more information about our PRF policies, we would love to generate a quote for you!

Production Reporting

It is that time of year again to report your 2024 **wheat, barley** and/or **dry beans** production. Please send over your production records to stacey@farminc.biz

Annual Forage

As a reminder cover crop is no longer insurable for Annual Forage.

Also, just a reminder that you need to send us your acres by the 5th of the month following your planting!

If you would like to receive our newsletter in the mail, or someone you know would like to receive our newsletters; please send us a message stating so to: farminc@cox.net

Don't Wait To Say

Any event that occurs that may adversely affect your yields is something we need to know about. You can never give us too much information. We are required to turn in claims timely or they may not be paid. If anything comes up please notify us ASAP. That's why you have insurance, right?
